Note: New facilities or parts of facilities may be named for an individual who has donated at least 50% of the cost of the facility. Existing buildings or parts of buildings may be named when a donor's gift covers 50% of the cost for major renovations. Existing unnamed buildings or parts of buildings may be named for a substantial gift to the program housed within. What constitutes "substantial" is determined on an individual basis as recommended to the President by one of the senior officers. No facility or portion of a facility will be named for any member of the faculty or administration (except the President) until that person has been retired for 10 years or deceased for 5.
